Things you need to know:

- Each letter for the pieces represents a certain size block. They will be repeated for the left and right sides of the house.
- House numbers (ex. House #1) is on a coloring sheet available in PDF format on my blog.
- Right sides together is (RST)
- When cutting your squares in half to make half-square triangles (hsts), save any leftover halves for future blocks.
- Square assembled hst to:
 - * 5 1/2in sq (throw size)
 - ** 3in sq (wall-hanging size)
 - *** 1 3/4in sq (mini size)

Window Units:

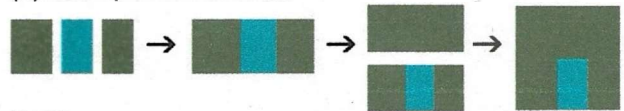

To make one window unit, sew an (I) to each of the short sides of (E). Then sew a (D) to each of the sides of both (I) pieces. Press open.

Make 1 for the left side of the house, and 1 for the right side. (2 total).

Half-window Units

To make one window unit, sew a (D) to the left side of a window (I). Then sew an olive/green (I) to the opposite side. Press open. Sew an (M) to the top. Make 3 units total.

Roof:

To make the roof, gather and arrange your (F) hsts and (G) pieces for House #6 and House #4 (bottom right).

After you have arranged your pieces, start assembling your hsts. Sew two hsts (RSTs) along the diagonal edge. Press open and square to *, **, or ***.

For House #6, Sew the roof into two separate units: half for the left side, and half for the right. Sew your (F) and (G) pieces together for House #4.

Assembling Block 4

Sew your three half-window units together vertically.

Sew the left side of the House #6 together, adding the roof to the top.

Sew the right side of your house together (note: there is the roof on top on the roof from House #4 on bottom).

Sew the three units of your houses together, and you're done! That wasn't too bad, right?
